\$129.95 MSRP

Available: Fall 2006 (Treo Case)

Early 2007 (BlackBerry Case)

Available at: [www.otterbox.com](http://www.otterbox.com)

**Product Description**

Otter Products, LLC. introduces rugged Smartphone protection with the OtterBox 1920 and OtterBox 1930 cases. The OtterBox 1920 protects Palm® Treo™ 650, 700w and 700p models and the 1930 accommodates Research In Motion (RIM) BlackBerry® 8700c and 8700g models. Cases seal Smartphones from elements like water, dust and dirt, while allowing complete access to phone, keypad and function buttons. Save hundreds on replacements and repairs.

**Who Cares?**

Ideal for business travelers, government and military personal, construction workers, engineers and more, the OtterBox 1920 and 1930 transform a standard Smartphone into a rugged, yet compact device through a durable, rubber overmolded, polycarbonate shell.

**Why Bother?**

Use your Smartphone virtually anywhere—at the airport, in the rain, on vacation, busy worksites and more—with complete use of all functions right through the case.

**About Otter Products, LLC**

We produce the most rugged line of protective cases for laptops, iPods, PDAs, TabletPCs and other valuables. With a complete line of waterproof, drop-resistant, interactive cases, Otter Products provides ideal solutions for safeguarding expensive investments.
