**APC Power Ready™ Notebook Roller
TC1750NR**

November 2006

\$89.99

The APC Power Ready™ Notebook Roller offers an upright that ensures ease of use and movement when traveling, along with a lightweight locking telescoping handle. The removable packing sleeve allows users to easily store items such as a change of clothes for an overnight trip. The roller also features pockets specifically designed to secure and protect a phone, PDA, MP3 player, and other equipment such as a power adapter or supplemental notebook battery.

Why Bother: The APC Power Ready Notebook Roller features dedicated device compartments, cable management and storage, as well as ample internal and external padding, making these cases an ideal option for mobile consumers.

Who Cares: The APC Power Ready Notebook Roller allows professionals to organize, power, and protect the increasing number of critical devices they carry in a stylish and durable design.
